

JYOTI BHUSHAN TRIPATHI

Deputy General Manager – Transport Network Planning (Optical Fiber Networks)

Lucknow, Uttar Pradesh | +91-9889009361 | jyoti.bhushan2002@gmail.com

Executive Profile

Accomplished Telecom Professional with 22+ years of experience in Transport Network Planning, Optical Fiber Networks, Radio Network Planning and Microwave Transmission. Proven expertise in OFC rollout, DWDM, IP Transport modernization, CAPEX planning and large-scale telecom infrastructure expansion across Vodafone Idea, Idea Cellular and Reliance Communications.

Leadership Snapshot

- 22+ Years of Telecom Industry Experience
- Deputy General Manager – Vodafone Idea Limited
- Planned 2,000 km Optical Fiber Rollout (~₹100 Crore CAPEX)
- 395 Fiber POPs (FY24–26) and 250 Fiber POPs (FY26–27)
- 100 Nokia PSS DWDM Nodes, CIENA NLD Expansion and 80 Pre-Aggregation Nodes
- Enabled commercial 5G launch through IP-ification
- Led team of 2 Engineers & 5 Technical Staff
- CCNA Certified

Core Competencies

Transport Network Planning • OFC Planning • DWDM • IP Transport • RF Planning • Microwave Planning • CAPEX Planning • Traffic Engineering • Vendor Management • Strategic Leadership

Professional Experience

Vodafone Idea Limited

Deputy General Manager – Transport Network Planning | Nov 2019 – Present

Lead strategic planning of Optical Fiber Transport Network supporting 4G, 5G and Enterprise services.

Responsibilities

- Lead OFC transport planning and expansion.
- Prepare annual CAPEX and rollout strategy.
- Drive DWDM, IP-ification and aggregation.
- Develop resilient transport architecture.
- Lead engineering team and coordinate with stakeholders.

Highlights

- FY24–25: 300 Fiber POPs, 2,000 km OFC (~₹100 Cr), 100 Nokia PSS DWDM, CIENA NLD expansion, 80 Pre-Aggregation Nodes.
- FY25–26: IP-ification across five cities and 95 additional Fiber POPs.
- FY26–27: Planned 250 Fiber POPs, 8 Aggregation Nodes and 70 Pre-Aggregation Nodes.

Vodafone Idea Limited

Manager – RF Planning | Apr 2015 – Oct 2019

Led Radio Access Network planning across UP East.

Highlights

- Led 2G/3G/LTE planning and Radio CAPEX.
- Supported Vodafone–Idea merger.
- Planned ~1,500 LTE sites.
- Supported commercial 4G rollout.

Idea Cellular

Manager – Microwave Planning | Oct 2008 – Mar 2015

Managed Microwave Transport Planning.

Highlights

- Supported 7,200 2G & 1,800+ 3G sites.
- Annual rollout of ~1,000 2G & 300 3G sites.
- Worked on Nokia & ECI.
- Saksham Leadership Programme (2013).

Reliance Communications

Deputy Manager – Transmission Planning | Feb 2008 – Oct 2008

Highlights

- Microwave transmission planning.
- Link Budget Analysis & Path Profiling.

ADA Cellworks

Transmission Engineer | Mar 2006 – Jan 2008

Project: Nokia–BSNL UP East

Highlights

- Transmission deployment and Nokia/BSNL coordination.

Telecom Network Solutions

RF Engineer | Dec 2004 – Mar 2006

Highlights

- GSM RF planning and optimization.

Education

B.E. (Communication Engineering)

Madan Mohan Malaviya Government Engineering College, Gorakhpur

2002 | 70.60%

Professional Certifications

- CCNA
- Diploma in Wireless Technology (2008)
- 3G Transmission Optimization Principles (2010)
- Six Sigma Project Completion (2018)
- Saksham Leadership Development Programme (2013)

Technical Expertise

Transport: OFC, DWDM, IP Transport, SDH, PDH, Microwave

Wireless: GSM, UMTS, LTE, 5G

OEMs: Nokia, Huawei, ECI, CIENA

Tools: LIPTON SI 2.0, MapInfo, Google Earth

Personal Details

Date of Birth: 10 August 1977

Nationality: Indian

Languages: English, Hindi

Location: Lucknow, Uttar Pradesh
